OUR COMPANY

Leader IT was founded in 2018 and is a member of the EUROTEL group. The company designs and implements integrated IT solutions for private companies, with a focus on companies in the hotel sector.

Leader IT's main objective is the application of IT solutions which meet clients' hardware and software needs, including IT infrastructure, communication networks and maintenance contracts among others.

Through Leader IT, the EUROTEL Group is able to take a more integrated approach to the hotel market, as well as other private enterprise companies.

OUR MISSION & VISION

Our mission is to support enterprises regardless of their size, by providing them with cutting-edge technologies and certified services achieving high level customer satisfaction via a 360° approach.

- ✓ Help our customers transform their business according to the latest technology trends, by providing end-to-end, customized IT solutions and advisory services.
- ✓ Our experts design, organize and implement innovative solutions that maximize efficiency.
- ✓ Adjusting to each customer's special needs, make sure to come up with the right architecture design, ensuring smooth operation and business continuity, through a broad range of 24x7 support contracts.

OUR TEAM

Leader IT maintains an expert team with many years of experience and an extensive knowledge in computer infrastructure project design, implementation in private enterprise companies and particularly in the hospitality sector.

Leader IT's staff receive ongoing training in new technologies and solutions and are thus able to offer our customers state-of-the-art top-quality services.
